NATURAL HAIR REMOVAL & SKIN CARE SALON

GOOD FOR YOUR SKIN • GOOD FOR YOUR BODY • GOOD FOR THE EARTH

Welcome to Toronto's sweetest

Hair Removal & Skin Care Salon

SUGARMOON is devoted to bringing out your inherent beauty through natural, environmentally responsible skin care. We're so committed to this mission that we even developed our own line of products for the salon, many of which you can purchase to bring home.

Along with body sugaring, **SUGARMOON** offers exceptional skin care services to help you look fabulous. Our natural spray tan gives you the glow of a week spent on the French Riviera, without exposing you to harmful UV rays.

Our organic facials and rejuvenating face-lift treatments are a sublime indulgence even for problem, sensitive or aging skin.

We encourage a friendly, supportive, and reassuring atmosphere in our salons and our workplace. While we are devoted to customer satisfaction, we also look after our entire team of dedicated professionals.

All staff are fully trained, in-house at the **SUGARMOON** Academy. We emphasize work / life balance because we know if they're satisfied, you will be as well.

SUGARMOON

Good for your skin, good for your body,
good for the earth.

WHAT ON EARTH IS SUGARING?

Sugaring is a hair removal method that goes back to ancient Egypt, using a 100% natural paste of sugar, lemon and water. Our method is safe and hygienic for all skin types.

BENEFITS OF SUGAR VS. WAXING

- **ALL-NATURAL:** our paste is made with holistic ingredients and never tested on animals.
- **NO DOUBLE-DIPPING**, which means no cross contamination.
- **GENTLY REMOVES HAIR** – and exfoliates dead skin cells – without sticking to live cells, which makes sugaring a great choice for anybody with sensitive skin.
- Sugar paste is applied against the grain, then removed with the grain for less breakage.
- Sugar paste is **APPLIED WARM**, and not hot, so there is no burning and less pain.

PRE-SWEETENING

What to do before your appointment

- Any hair you'd like sugared should be at least 1/4 inch long, or about the length of a grain of rice.
- Don't shave or trim on the day of – or before – your appointment.
- Don't apply any lotions or creams to the areas we'll be treating on the day of your appointment, except for any topical numbing agents.
- Don't exfoliate the day of your appointment.
- If you're extra sensitive, or concerned about pain, we offer topical numbing agents that can be purchased in-store or online, then applied prior to your appointment.

AGE OF CONSENT All clients must be at least 18 years of age with valid ID, or have written consent from a parent or guardian.

CANCELLATION POLICY We require 24 hours notice to cancel appointments, or a 50% service charge will apply (no-shows will be charged the full 100%).

EYEBROW & FACIAL SUGARING

Look as sweet as you feel

Eyebrows are a SUGARMOON signature. On your first visit, we'll give you an educated brow consultation, then customize the shape to work with your eyes, face, and bone structure (we may even suggest some colour to help make you look mesmerizing).

All of our employees are fully certified in tinting services, using only Refectocil, the most trusted brand for eyelash and eyebrow tinting. Refectocil offers permanent coverage and even coloration that lasts several weeks, but it's also suitable for sensitive skin and powered by plant extracts, making it a natural winner for us.

Because I am a Girl – Plan Canada

SUGARMOON is pleased to partner with Plan Canada. **The Girl Issue**

The girl issue is real, and it's affecting girls and women around the world – but what is it? Girls in the poorest regions of the world are among the most disadvantaged people on the planet. They are more likely to live in poverty, more likely to be denied access to education, and more likely to be malnourished, simply because they are young and female.

And yet, studies show that when you invest in girls, the whole world benefits. If a girl has enough to eat, a safe environment, and an education, she'll work to raise the standard of living for herself, her family and her community. And in time, she can even strengthen the economy of her entire country.

Our mission is to help as many as possible.
